THE JEWEL OF THE SUMMIT

Hollywood's Most Attractive and Versatile Pool Deck.

By Stu Bart

Our Pool Deck sparkles with many facets of delightful Florida living. There is fun, there is friendship, there is relaxation and there is a convenient oasis smack in the middle of all the action ready to quench one's thirst and fill that empty feeling with one's choice of delectables. The newly refurbished dining room has a very inviting appearance, the new Tiffany type shades give the place a bit of an art nouveau look. Last year we dubbed this charming eatery "Patti's Place" because she is so much a part of the personality and informality of the dining room both indoors and under the beautiful green awning. Patti's partner and spouse complained about being second in the personality department, so to keep peace in the family we awarded him the title of "Benji's Bistro". (Bring your own wine). Chef Paul says, "You can call me anything you want but you must call my cooking "Great!". Is everybody happy? Everyone agrees Patti's Place is the center of pool deck action and attraction.

We are doubly proud of the two fine swimming pools. The one on the ocean side gets the morning sun and the one facing the Intracoastal gets it in the afternoon. We must not overlook the beautiful views from either side. Happy Dipping!

Robyn, the helpful chirper in the office informed me that the size of the deck is an astounding 300 feet wide and 305 feet long. If my multiplication is right that comes to a whopping 90,000 square feet. If you are a devoted walker you could take your daily exercise walking around the pool deck, a total of 1200 feet or about a quarter of a mile. The scenery is great and you can wave to the sun worshipers lying on their backs on a comfortable lounge. We forgot to ask Robyn how many there are in the sea of lounges and chairs comfortably and strategically placed by the custodian of pool deck paraphernalia, Dario, the guy

with the pith helmet. He is a very willing and helpful man to have around.

Now for the esthetics of this wonderful, huge outdoor retreat just minutes from where you live. There are a group of various sized concrete flower boxes filled with imaginative and creative horticultural arrangements well spaced to accent the deck and afford a beautiful view from the terraces of the two towers facing the deck. We owe a debt of gratitude if not a bouquet of roses to Betty Thornton who is the chair-person in charge of all our landscaping. Her supervision of our landscaping from the entrance to every acre surrounding both buildings is to be recognized with grateful applause. (Other committees take note).

There are more and different actions on the pool deck than just lolling and eating. There are tables strategically placed in areas ideal for playing cards or other forms of games of chance. (Kibitzers not invited). There are circles of chairs where the intelligentsia hold forums on a variety of current topics. Fleet mothers and grandmothers chasing the elusive three year olds who have other ideas than sitting quietly. Of course there is always something interesting to see just by keeping your eyes on the passing parade. A beautiful day on the pool deck is a delightful experience rarely forgotten.

Attention Jacuzzi Lovers: Blueprints are being prepared for a state-of-the-art unit that you will love. It will need to be approved by city engineers and health authorities. Another wonderful addition to our great pool deck.

Theoretically every unit owner possesses approximately 150 square feet of the pool deck. That makes all of us partners in this great playground. It truly is the "Jewel of the Summit". It is also a "Love at First Sight" attraction for prospective new owners. Realtors agree that the Summit is the place to be.

* WELCOME BACK!

ALL YOU SHIVERING NORTHERNERS, HAPPY TO SEE
YOU ALL ON OUR BEAUTIFUL POOL DECK!

PRESIDENT'S MESSAGE

By Al Finkelstein

WELCOME HOME!

Once again it's that time of year when the "frost on the pumpkin" is covered with snow up North and our frost-bitten northern neighbors are returning to the Summit in droves to enjoy the warm climate and even warmer congeniality with their friends and neighbors.

As with all condominiums, there is both good news and bad news. The good news is: South Florida has been spared the wrath of hurricanes this year. No uprooted trees, blown down fences or serious damage to our property. Our rejuvenated elevators are working as good as new. The housekeeping staff is doing a great job keeping all public areas neat and clean.

So what's the bad news? - If you read the newspapers you know all about the high cost of insurance. Due to the possibility of terrorists acts, every insurance company has quoted exorbitant increases in their rates. We are shopping around for the best deal available from other responsible insurance companies.

As you all know, my highest priority is to maintain our property as near to perfection as possible. We have installed a new security system for your peace of mind and safety designed to shore up all possible methods to safeguard our buildings from unwanted intruders. You will be informed shortly when the new equipment will be installed and functioning properly.

The Summit Cafe has been upgraded with new equipment to serve you better and newly decorated to please the eye. Give them a shot and see the improvement for yourselves.

The interior of all passenger elevators will be refurb-

ished including the floors and ceiling lighting. The outside of both buildings will be repainted as well as the rails on the terraces.

We are planning to install a condo size jacuzzi on the pool deck for the enjoyment of all residents. The jacuzzi will meet strict requirements for your health and safety.

We wish all residents a happy and healthy winter at the Summit and rest assured the Board of Directors and I will do everything in our power to protect your investment in the Summit.

We wish our office assistant Mickie a happy retirement. Mickie was one of the most efficient and loyal employees we ever had.

GOD BLESS AMERICA!

FROM THE MANAGER'S CORNER

Once again the association is preparing a new budget and getting set for the upcoming annual elections. Notices for these events are in the mails or about to be sent.

Over the summer months the building's garage areas were pressure cleaned and restriped. Additionally the entire restaurant kitchen was removed...the area was pressure cleaned...the walls at wainscot height were covered in stainless steel, and new equipment was installed. This major retrofitting of the kitchen and restaurant included repainting of the seating area and installing new fixtures. Included in the new equipment were a stove and oven, a new salamander, a new food warming area plus a new double door refrigerator. The electrical system was upgraded. We hopefully look forward to many years of uninterrupted service.

On the table for immediate action are the modernization of the elevator cabs and the repainting of the North and South faces of both towers. For those who want a prevue of the cab walls, etc., there is a sample panel on display in the board room located in the condo offices.

Welcome back. I hope you all enjoy a healthy and happy new season at the Summit. As always, I am here to serve you.

Al Reibel, Property Manager

**HIGHLIGHTS OF
BOARD OF DIRECTORS MEETINGS**

Wednesday, August 21, 2002

Treasurer's Report: Sam Fox reported that all is in order regarding the foreclosure Unit North-302; of the 6 units with unpaid maintenance, only one is now in arrears and the president has agreed to give her some extra time.

MEETING HIGHLIGHTS (continued from page 2)

Vice President's Report: Harold Levine reported about progress of the BBQ. It will be located near the shuffleboard court; will use small propane tanks which will be kept locked; will only be available after 5pm in order not to compete with the cafe during open hours; rules regarding reservations for use and clean-up fees are still being discussed.

Nathan Konigsberg will get an engineering plan for a pool deck Jacuzzi so we can bid it out.

* * * *

Wednesday, September 18, 2002

Treasurer's Report: Sam Fox reported that all is in order. All maintenance payments are up-to-date and there is a lien action in progress against Unit-N 302.

Secretary's Report: Rosalind Katz reported on the Security Committee meeting of Sept.3, 2002 during which the use of the new entry wands was spelled out in detail.

Mrs. Katz moved that proxies be distributed for a unit owner's vote to eliminate new rentals (subject to attorney's approval of language). *Carried unanimous.*

President's Report: Al Finkelstein confirmed the use of restaurant reserve money for the recent restaurant renovation.

Vice President's Report: Harold Levine reported on the status of the new barbecue. The location has been changed to the pool deck right behind the restaurant. The unit will operate on natural gas and will be kept locked and opened only by Security. The barbecue will be available during the hours the cafe is closed. Rules and regulations for use will be published.

Wednesday, October 16, 2002

Treasurer's Report: Sam Fox reported that all maintenance fees were paid up-to-date except for one unit. He said we have \$250,000 in certificates of deposit coming due, which will have to be placed at lower interest rates. Mr. Fox requested that President Finkelstein clarify the recent expenditures for restaurant refurbishing. The treasurer then moved that expenditures of approximately \$6,000 in excess of restaurant reserve funds be charged off to the Special Projects account. *Motion carried unanimously.*

The agenda item for approval of a \$35,000 expenditure for refurbishing the interior of elevator cabs was then opened for discussion. Property Manager Al Reibel presented the budget and noted the funds are available from the elevator reserves (\$66,815.) Board members and unit owners requested an opportunity to see the proposed design. The matter was tabled.

A motion was made by Secretary Rosalind Katz that the Board go forward with planning for a Jacuzzi. *Motion carried.*

SAVING SURF STREET

Summit owners should be aware of a very important land use battle taking place right now that could critically affect their property values and quality of life.

The owners of the Driftwood Hotel, 2101 South Surf Street, south of the Summit and just north of the Quadomain, are proposing to build a 25-story high rise on their property - which currently is not allowed under the city's 50-foot height limit for that site.

What's of particular concern is that the Driftwood owners want the City of Hollywood's permission to build that tower on Surf Street and on their parking lot to the west of Surf Street, permanently blocking off Surf Street.

The DuPont brothers, who own the Driftwood, have been advertising in the Sun-Sentinel, the community newspapers, and on cable TV for months trying to persuade the community support their high-rise project. They've hired the law firm, Ruden McClosky, to lobby the Hollywood City Commission to approve their request to build over Surf St. If this request is approved, several condo buildings and hotel operators between the Quadomain and the Summit have said they might apply to build over Surf Street and put up high-rises as well.

It should be obvious to everyone at the Summit how this chain of dominoes could play out and destroy the beautiful vistas, quality of life, and traffic flows in our area of the Hollywood beach. Surf Street is an important artery for auto, bicycle, and pedestrian traffic. If the Driftwood project is allowed to proceed, Surf Street will quickly cease to be.

Please, phone, write, or e-mail Mayor Mara Giuliani, City Commissioner Cathy Anderson, and the other five commissioners to oppose the Driftwood's request. This issue is likely to come up for a vote in the City Commission in the next few weeks, so please keep your eyes open and voice your opinion at the commission meeting. The city commission's phone is 954-921-3321. The mayor's e-mail address is mgiulianti@hollywoodfl.org; Cathy Anderson's e-mail is canderson@hollywoodfl.org.

SUMMIT HADASSAH NEWS

During the long hot summer our active Executive Committee was very busy planning our program and activities for the entire year. All our members were presented with a list of "Happenings" for 2002-2003. Due to the critical situation and need in Israel, Hadassah's most essential fund raising efforts will be to benefit the new "Center for Emergency Medicine" at Hadassah Hospital.

Our Chapter is proud to announce that we have published our own "Summit Hadassah Cook Book". This beautiful book contains a collection of more than 300 of our favorite traditional and holiday recipes which were submitted by our members and friends. The Cookbook Committee members under the leadership of Chairperson Nina Nissenfeld and President Renee Lewis, working with Audrey Lubel and Pearl Milestone, spent many hours collecting and arranging in proper sequence all the recipes for publication.

This book, containing wonderful information about the preparation of Jewish recipes, is the perfect holiday gift for children and grandchildren. Copies may be obtained for \$12.00 each or 3 for \$30.00. Call Nina Nissenfeld, 954-926-7625 or Renee Lewis 954-929-9930.

INTELLECTUAL CORNER

Welcome back to your Summit Towers home. Are you ready for the new, famous, and rather old quote? For all of you who have not participated in this contest, now is your chance. But first I must congratulate the winner of the last issue's contest...Ruth Miller of Michigan. She guessed the answer of the following quote: "What I hear, I forget; what I see, I remember; but what I do I understand". The correct answer was Confucius. Pat Shanbom of Detroit was also a recent winner. Let us hear from participants of other states too.

Our quote for this issue is very famous...**"A rose is a rose is a rose"**. Hint: Born in Massachusetts in 1903 - an expatriate living in Paris, where much of her writing became famous.

Please leave your answers in the Observer box at the condo office. Looking forward to hearing from you.

APARTMENT RENTAL RULES UP FOR DISCUSSION.

A petition has been signed by a number of unit owners requesting a rule change that would eliminate all forms of apartment rentals now being permitted. It claims that the "swinging door" is confusing and is a burden on the office.

There is an opposing view by others to this proposal by a group that feels such restrictions would create negative circumstances and impose hardship on many unit owners. They feel that present rules properly policed are fair and would not cause problems.

This controversy will be discussed and debated at the meeting prior to voting on December 18th, 2002. It will require a 75% vote by all unit owners (426 affirmative votes) to officially change the amendment. As a unit owner it is your responsibility to consider carefully which way you would like the Condo to go...Aye or Nay.

WE WISH ALL SUMMIT RESIDENTS

THE GENERATION GAP 2002

By Bob Spiewak

When we have a problem
With our latest gadget,
We can call upon a grandchild
Who already has it!

We long for the good old days
Way before TV,
When a 10 cent movie
Included candy just for free!

Bicycles and roller skates,
Although they are still here
Have been shoved behind computers
To make the kiddies cheer!

Remember when just any car
Would fill a teenage dream?
"I can't drive a wreck like that!!"
The teenage drivers scream!

But looking at the bright side
Let's have a little heart.
Could these same kiddies help us out
If they weren't so darn smart!

Some day they too will look way back
Before some great new wonders
And repeat some of our "strange thoughts"
And, probably our blunders!

And so it goes and will go on,
And never reach cessation
Improvements(?) in the daily lives
Of each new generation!

CONGRATULATIONS!

If you see Doris and Sylvan Naron strutting around
with great big smiles on their faces, it is because their
grandson Philip has been selected into the 2002-2003
National Honor Roll. Only about 4.5% of all high
school students are selected for this great honor. This
national award will bring additional attention to
Phillip's college and scholarship applications.

Induction into the National Honor Roll is based
solely on achievement and merit. We "Congratulate"
Phillip who'se hard work made his family and grand
parents beam with pride.

EMPLOYEE'S BENEFIT PACKAGE

Some unit owners have expressed a concern about
the Benefit Package for our employees. The package
contains: Paid holidays (8); sick pay days (6); health
insurance for the employees; a very liberal vacation
policy; plus an extra week's salary at Christmas time.

Mort Krim - Detroit Free Press - **SECOND THOUGHTS**

COST OF DELAY CAN BE HIGH

It happened 10 years ago. I'd reported on the story
but nearly forgotten it until our guide on the Chicago
River cruise reminded us. We were taking an architect-
ural cruise admiring Chicago's unique and varied
buildings when the guide suddenly pointed to some
wooden pilings partially submerged and said, "Those
are the very pilings that caused the great Chicago
flood in 1992."

Ah, yes, the great, strange flood triggered when
somebody drove one of those pilings through the
ceiling of Chicago's underground freight tunnels.
Fifty miles of tunnels connect to most of the major
buildings in the loop. They're unique to Chicago,
created to facilitate the delivery of freight to down-
town offices.

But here's the most interesting part of the flood story
I'd forgotten. Months before the disaster, those
ceilings were leaking. Had the city dealt with it
immediately, cost of repair would have been about
\$10,000. But City Council delayed. The project got
caught up in the bureaucracy. So instead of prevent-
ing a crisis for 10 grand, the city paid out a billion
dollars in cleanup and repair.

Today's Thought: Murphy never thought of this one, but
it should have been one of his laws: Whatever it costs
to fix today, it'll cost more, tomorrow.

FAMILY - FRIENDS - FOCUS

At this writing, Hussein today wrote to the U.N. that he would accept unfettered inspection to take place although a war with Iraq appears imminent. Also, today, a Bin Laden tape was made public as he defiantly threatened to kill his enemies.

Yes, September 11 has changed the world and suddenly, the how, what, when, where of "terrorism" has become a reality for each of us.

What can we do as individuals? Certainly, this is not a time to become paranoid nor live our lives in fear. Rather, cool and smart heads need prevail. More than heads, our hearts have to soften and made kinder and gentler to family, friends and even acquaintances. A kind word goes a long way.

Re: your close family member or other relative or friend you crossed off your list; people you gave up on and haven't communicated with for "x" number of years. How about extending yourself and making the first move? To heck with "pseudo-pride". So-called "pride" and "self-respect", etc. have thwarted many relationships that could flourish.

Not everyone thinks the way you do. So what? Not everyone is anything like you. So what? Accept and be tolerant of behavioral diversity and differences. Maybe - a pleasant surprise.

The closeness, caring, support and succor we receive from families and friends are crucial now and are sufficient cause for us to lighten up and stop being overly judgmental and critical about anyone. Really hear the lament "gim-me a break".

REAL ESTATE NEWS

TED'S TALK... The Real Estate Corner

In the last edition of the Observer I mentioned there were three units for sale at the Summit. These units were sold within seven days. There are presently two additional units on the market for sale, and *the prices keep going up!*

Why! Due to the short supply of oceanfront condominiums in Hollywood, the opening of the Diplomat Hotel, the resurgence of downtown Hollywood, and lastly, but in my opinion, most importantly, the prices of new units in the local real estate market (which incidently are selling at a rapid rate), I would estimate the value of Summit units have risen approximately 20-25% in the past year.

These events, coupled with the ongoing revitalization of downtown Hollywood and continued demand for oceanfront living, lead me to believe that values at The Summit shall continue to rise.

I would like to take this opportunity to welcome back our snowbirds and to wish you all a very happy and healthy New Year.

For your information, my office is located on the third floor of the South Tower and my telephone number is (954) 925-6500, extension 24. If any unit owner would like to discuss the value of your particular unit, or any other real estate matter or needs, including other condominiums in the area, please do not hesitate to contact me or my staff. We would be happy to chat with you.

Wishing you a great winter.

AMERICA! - OPEN YOUR EYES!

Nine-eleven, the call for help.
A mortal blow to New York's pride.
The two great monarchs of brick and steel,
Suffered the agony of wounds that can't heal.
Two human torpedos rained down from the skies,
From evil hands we know not why.
The murder of thousands hear their cries.
America! - It's no dream, *Now Open Your Eyes!*
There is a cancer invading our land.
Our love for freedom taken from our hand.
Do we wish to live as liberty dies?
It's no dream! - *America, Open Your Eyes!*

We know our enemies from end to end.
They will perish if we are wise.
