

A volunteer effort of the Summit Observer Committee

- March 12 – **Board Meeting** – Note the change of date
- March 14 – St. Patrick’s Day Dance
- April 1 - 2nd quarter maintenance due
- April 3 – Passover Dinner at Café
- April 5 – Children’s Easter Egg Hunt
- April 19 – Bye Bye Birdie BBQ
- April 23 – **Board Meeting**

From the President – Dr. Jeff Spiro

Many of us have valuable ‘stuff’ in our units that, if rational thought existed, we would dispose of. This is especially true now, as some of us begin our spring cleaning. The problem is, even if we just want to throw it away, it won’t fit down our trash chutes.

Rest easy because we have a solution to your dilemma. As mentioned in last month’s Observer, we have a dumpster that will accommodate your ‘no longer needed’ household junk. (It is not intended for construction debris.) It will be available to owners on Friday March 13 and Monday March 16, from 10:00 am to noon.

At a recent meeting with city officials, we were informed that the plans to add roundabouts on Hollywood Blvd will NOT happen. Also, we learned that A1A from Hollywood Blvd to Garfield Street, for the most part will remain as a 5-lane road, but with some sections dropping down to 4 lanes. Then the road will change from 5 to 4 to 3 lanes, up to Sheridan. This is NOT a final decision, but rather their current thinking

Make Sure Your Unit is Converted to Fiber

If you only have TV service with OpticalTel you do not have to do anything.

Anyone with internet or telephone service from OpticalTel should now have had wires run into their unit for those services. For only a limited time, OpticalTel will continue to:

- do this wiring for free
- maintain old modem based internet and telephone

Therefore, if you are not sure that your unit is done, call them now at 855.303.4237.

The Telecom Committee will be developing a survey to find out how the new service is working for us. But, as always, if you have any question, concerns or problems, call OpticalTel directly.

Turtle Nesting Seasons Starts Sunday, March 1 and runs until October 31

Hollywood can now fine for bright lights seen from the beach.

Such lights might interfere with successful turtle nesting. Help our turtles & avoid fine by:

- Leaving balcony light off, and
- Covering windows or leaving all light fixtures near windows off

Pick up one of the removable 3”x4” turtle nesting stickers available in the office or mailrooms that you can put over your balcony light switch as a reminder.

We continue to send our staff to the beach at night to check how we are doing. They are sending warnings to residents who have bright lights that can be seen from the beach. We are also working with the City of Hollywood and various vendors to find a longer term solution. For example, we are looking at whether modifying balcony fixtures and window tinting are acceptable to Hollywood. In the meantime, we all have to be extra careful.

A great way to find videos about our turtles and the turtle lighting issue is to search with “Google” using terms like: *sea turtle nesting lighting YouTube*. Also watch for a new FAQ (Frequently Asked Questions) page on MySummit.org about turtles and lighting.

“Sink or Swim: Sea-Level Rise in Broward County”

Sign up for the March 20 noon talk at Anne Kolb Nature Center

about Broward County’s plans to deal with this new reality call 954.357.5161. This does affect us since the Summit is just a few feet above sea level. This talk is part of the excellent “Lunch-and-Learn” series.

The Summit Oscars – Mary Ann Reisler

Oscar night at Rocco's was a great success. There were "Oscar Specials" and a specialty pizza for each of the nominated films. It was very creative and one pizza was more delicious than the next. It is wonderful to have a place to be able to share these special events and have great food and company. We know the staff was a bit tired after such a long week, but hope they enjoyed themselves as well.

If anyone reading this has not participated in any events lately, be sure to join your fellow "Summiteers". We are friendly, inclusive and always happy to meet new people that have moved into our wonderful Community.

See you at Rocco's at the Summit!

Valentine's Day at Rocco's - Mary Ann Reisler

Valentine's Day left nothing to be desired at Rocco's. We were 74 strong and feasted on Lobster, Prime Rib, Seafood Pasta, and Snapper livornese, but only after we stuffed ourselves on crab cakes, mussels marinara, zuppa de clams, antipasto and breads with great toppings.

The room was decorated with balloons and candy and hearts and felt very "lovely"!

Unfortunately, the weather was

not very cooperative with regard to our dancing. But there were about 20 hale and hearty people that braved the weather. We didn't want to leave our resident D J , Lou Yeager , out there to chill on his own !! Thanks, Lou , for keeping us moving and happy.

The wine and conversation flowed and we ended with wonderful cannoli, cheese cake, chocolate cake , and, of course , hand dipped chocolate strawberries.

Thank you to Guy and his terrific staff for a wonderful Valentine's Night Party.

Proud Service Provider of

Another Great Talk at the Summit

A very proud Carol and Stan Scheinberg and family after a fascinating and very well received talk in the south lounge, by their daughter, Karen Andrews. She spoke about progress in health care in Israel and the Hadassah Hospital. Karen, who is a PhD nurse teacher and researcher, has been bringing innovative new patient care practices to Israel.

If you think you have a talk of common interest to our community please contact the office or summit.observer@gmail.com We can provide facilities and advertising.

Treasurer's Report -- Mary Ann Reisler

The following is the December and January Financial Report as presented at the February 19th Board of Director's Meeting.

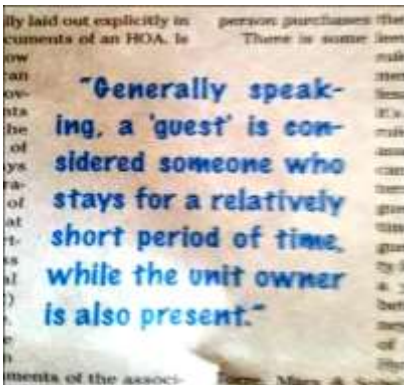

At end of month (\$000s)	December	January
Operating Accounts	793	1,004
Operating Accounts Insurance	98	98
Restricted Reserve	1,478	1,508
Security Deposits	34	38
Special Assessments	339	280
Total Cash	2,652	2,928

Our 90 day delinquencies are \$89,000 of which only \$9,000 are not at the Attorney. The other \$80,000 at the attorney represents only four units.

Quarterly payments are due April 1.

If you have any questions or comments please submit them to the office and I will address them in the next Observer

Enjoy our beautiful winter weather!!

The Summit is not a hotel. Here is a quotation in the December 2014 issue of the condo magazine, the South Florida Cooperator

The Social Committee Events Schedule

This issue of the Observer is full of reports on successful Social Committee events. **SAVE THE DATES** for the following events. All events are open to all residents. Some require reservations, so watch the miniObserver and other postings.

We have recently been selling out most of our activities, so get your reservations in early.

- March 1 - Dancing Under the Stars
- March 10 10:30am - Social Committee Meeting - 3rd floor north card room
- March 14 - St Patrick's Day Party at Café
- April 3 - Passover Dinner at Café
- April 5 - Children's Annual Easter Egg Hunt & Games on pool deck - Bring children and grandchildren
- April 7 - Social Committee Meeting – north card room
- April 19 - Bye Bye Birdie BBQ & Dancing

Bring your suggestions to our Social Committee Meetings (March 10 and April 7) so that we can add your ideas to this list.

See the articles in this Observer about Social Committee events in the last month:

- Dancing Under the Stars
- Valentine's Day Dinner Dance
- The Oscars

The March 1st Dancing Under the Stars

Rocco's at the Summit catered the March 1 Dancing under the Stars. They had vegetable, chicken and steak kabobs that were beautiful, delicious and easy to serve. 75 people were served

in less than 20 minutes. With this food, perfect weather, and the new dance floor lights on the west side of the café, we had another great party.

"Inflation is creeping up, Yesterday, I ordered a \$25 steak in a restaurant and told them to put it on my American Express card – and it fit." – Don Reber

Reminders about Living at the Summit

We have had a lot of new people at the Summit this winter. Here are some reminders for them (and the rest of us.) Remember that owners are both legally and financially responsible that their guests, renters, contractors, etc. know and follow the rules of the Summit. From time to time we will be also posting these reminders at the Summit.

- **Lost a FOB?** Have the office turn it off. Don't let the wrong person into the Summit. You could be liable.
- **Pets are not allowed at the Summit.** Exceptions can be made for service animals for residents and guests, but we need paperwork in the office before they arrive. Owners are responsible for service animals that cause damage or bothersome noise or smells, or who are allowed to leave droppings on Summit property. The 'no animal' requirement is in our original documents and is not something the board can change.
- **Units can only be rented once a year.** Paperwork must be approved by office before a move. Those renting a unit must be interviewed.
- **Do not pick flowers in common areas.** They are for all our COMMON enjoyment.
- **Drive carefully in garage.** Obey all speed, stop and ramp directional signs. LIGHTS ON in garage! We have lots of garage pedestrians and we do have video cameras and give out violations
- **Eating on pool deck:** Eat only under a Café canopy. The east and west side of Café are reserved for Café's food when it is open. Behind the grills can be used otherwise. No glass is allowed on pool deck. If we are not going to use a grill reservation, we need to cancel it an hour ahead to avoid losing our grill deposit.
- **Emergency Keys:** Up-to-date copies of keys of units and A/C closets must be in the office. They may be used only for lockouts with permission of the official resident, not on say so of guests. The keys can never be borrowed since they cannot leave Security's possession.
- **Dry off before entering building from the pool deck:** Wet floors are a slipping danger.
- **Car repairs and maintenance cannot be done in the garage.**

"My husband paints and I cook, then we try to guess what he painted and what I cooked."

Working with Other Condos

In the last few years the Summit has become a thought leader among large mature condos in the area. About every quarter a "Board Roundtable" is held, sometimes at the Summit, where similar condos share ideas, problems and solutions. These meetings have helped us learn from other condos. We discuss lessons learned on issues such as the 40-year inspection, the dunes, turtle lighting ordinance, A1A, finances, energy efficiency, etc. This was started by our president, Dr. Jeff Spiro, about four years ago.

The picture above is from a meeting on February 28, in our newly refreshed north lounge. In attendance was the Hollywood mayor, CRA director, city lawyer, new homeless coordinator, our city council member, our county council member and the police major responsible for our area. We greatly appreciate their attendance and attention to the interests of local condos. This was a serious working meeting. They were asked tough questions about our local concerns. The answers we received were, for the most part, useful in furthering the Summit's and other local condo's interests.

Looking for a Long Road Trip into Space?

Over the last few years, The Kennedy Space Center tourist center has been improved with enhanced displays of the Saturn rocket, the Atlantis shuttle, launch site tours, museums and new IMAX movies. If you have not been there recently, it is worth the four hour drive. You will want to give yourself a whole day. Of course that also puts you relatively near Orlando, where we hear there are a few things to do.

Having Fun While Doing Good

A table full of Summiteers went to a fund raiser for the Hollywood Women's Club at Gino's Market at 5729 Johnson Street. What a great place with beautiful food! Here we are watching a demonstration of cheese making. Beside the food provided by Gino's, several wine vendors provided a free flow of tastings. The Social Committee is checking out whether we can have a Summit event at Gino's.

Games People Play at the Summit

Try out our game rooms on the 3rd floor in each tower. Please note that the little boy was actually being carefully watched, and was more facinated by the old manual games than the video game on the wall Maybe there is hope for the new generation.

Celebrating Our Volunteers

Here are some who made the 33rd Anniversary celebration that came off so wonderfully. We held a debriefing meeting to help discover how we could make the next big weekend even more

successful. A number of the attendees thanked our president, Dr. Jeff Spiro, for leading the charge and pulling it together with only a three week lead time. Contributions from vendors meant that the entire event ended up adding to our treasury. The extra special effort by our staff and Rocco's meant the facilities were always ready for the next event.

Our Bushel of Amenities

A resident dropped in the Observer mailbox an advertisement for one of the big beautiful new local (and extremely expensive) condos. The ad listed the condo's amenities. The attached note from an owner said, "we also have 'exceptional amenities'". That was a great vote of confidence, but can we continue to be competitive with the best of the new condos?

In the last few years, we have taken advantage of the renovation of the building and property to fix, improve and add amenities, including the new weight gym, outside sports facilities, theatre, beach bins, and more. We should not stand still. The necessary fixing of the pool deck gives us another chance to do more than just fix what we already have. If you have ideas join the "Pool Deck Committee #2" that is looking into improving the function and features of our 2 ¼ acre pool deck. Sign up in the office.

Calling All Committee Chairs

We are now asking all committee chairs to announce their meetings in the miniObserver. They need to get this information to us before Friday noon, the week before their meeting. Leave the information in the Observer mailbox in the office or (we prefer) send it to Summit.ObsERVER@gmail.com. Committee meetings should be announced to allow the most participation possible.

Also, please send a note to the Observer so everyone can know what your committee is doing.

The Summit's History

As you send it in, we keep adding historical material to

MySummit.org . We received a 1975 article about the Ed Naus the owner of the trailer park on the land that became the Summit. Do you have early material we could add? Please send it to the Observer mailbox in the Office or summit.observer@gmail.com. To see this collection go to mysummit.org/Observer

Marriage is nature's way of keeping people from fighting with strangers.

Getting Home from FLL

Now there is a dedicated south exit onto Route 1 from the Ft.Lauderdale/Hollywood Airport. It is an improvement over the temporary solution of a U-Turn on Route 1, but not nearly as convenient as our old exit ramp. We understand that the exit is supposed to get improved signage, landscaping and lighting. Please be extra careful in the meantime.

Our Busy Theatre

We now have almost 100 seats with decent views because of our two 120" screens. But despite this, almost every seat was filled for every movie in February. We continue to make small improvements to the setup and sound. Join us Tuesday at 7:30pm in the south lounge for movie and popcorn.

A free Summit cap to whoever names all of the kids in this picture taken on our tennis courts about 25 years ago.

Show Business at the Summit

February 26, Ken Lonergan, performed to a capacity crowd in a wonderful show produced by Barbara

Jaffe. The show was sold out a week before the doors opened and the audience was not disappointed! The south lounge was set up with wonderful stage settings, an old-fashioned spot light,, costumes, and perfect sound, so you could feel Broadway. Kenny's enthusiasm, personality and talent brought the crowd back to memories of a number of important musicals and musical artists.

Do you know anyone who can bring this level of entertainment to the Summit? We have the facilities and an appreciative audience. If you have an idea, send a note to Summit.ObsERVER@gmail.com, leave a message in the Social Committee's mail folder in the office, or come to the next Social Committee meeting.

Orchid Season Has Begun – Celestine Taffet

As you walk the grounds of the Summit, please look for orchids blooming in the trees. The two trees by the beach gate have many orchids, but there are other trees throughout the property that have also given orchids a home. Some orchids have started blooming, while others will hopefully bloom in the coming months. Please look and admire the orchids, but do not pick the flowers. We have lost a few orchids in the

past due to people who want to take the beautiful orchid flowers or the whole orchid plants to their apartments. The Landscaping Committee takes care of the orchids throughout the year so that everyone can enjoy them.

OpticalTel Improving Common Areas Wiring

OpticalTel waited until residents were largely wired to focus on our common areas. They have now moved our common areas to fiber, including our various internet hotspots, the security and office internet and our aerobic gym TVs. They are going to be providing us with enhanced Wi-Fi on the pool deck and connections for TVs that will provide digital signage in several new common area locations. These changes are either improving service or saving us money (or both.)

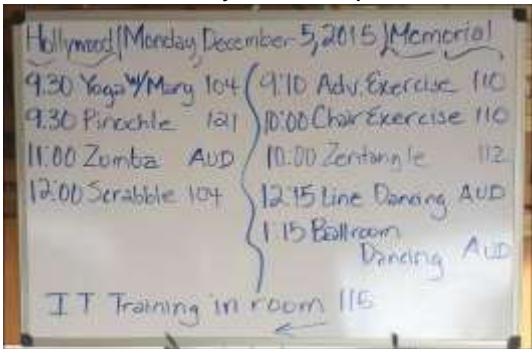

Both libraries now have wired Ethernet (not Wi-Fi) to complement the Wi-Fi hotspots already in the card

rooms and near the Café. Bring you Ethernet cable and appropriate devices such as PCs. The table and chairs provide a convenient place to work. But, these are libraries, so please ... no talking and use headphones if you must listen to your computers.

Our Community Center

To complement the Summit's facilities and activities, next door we have more of each at our community center/library. Take a look at the "Around Hollywood" bulletin boards in the mailrooms, or better yet, just visit the center. They have classes, talks, exercise programs, computer courses, excursions and more. The library has computers and internet.

Here is an example of some of their activities on just one day at the center.

From the Editor – Steve Naron

While those up north continue to suffer through a terrible winter, ours seems to be over with weather in the 80 °s (and no snow days.) This is a reminder that over the next couple of months our 'snowbirds' will be leaving us. When you leave please keep informed about happenings at the Summit by reading the Observer which you can always get on MySummit.org. If you have a working email on file in the office we will be sending you periodic updates.

Owners who are still here should attend the board meetings. All residents should participate fully in our community with the Social Committee activities. We are going to reestablish our Tuesday, pre-movie BYOB outside the Café. Come and meet your neighbors and make new friends. The Summit is much more than a building. Take advantage of it.

Also there is a nice playground between us and the center for our little visitors.

Preparing for the Summit's Future

"The Future of Community Associations" will be taught by Bill and Susan Raphan, Thursday, March 19, 2015, 1 PM at our next door community center. Topics will include addressing Automobile Charging Stations, Segway and other motorized vehicles usage, 'e'-smoking, use of drones, and many other soon to come changes in the way we look at our properties. To reserve a space, email your name and building to ajjayo@gmail.com

As the winter ends, the Observer goes on an every other month schedule. Our next issue comes out in May. But do not wait to send your event information (future or past), articles and pictures. We can share appropriate information in the posted and e-mailed miniObserver and our website.

All articles, event info, photos and ads must arrive before April 28 to make it into the May Observer. Depending on the nature of information you send, we will try to place announcements in appropriate places: The Observer, the monthly calendar, the posted weekly calendar, or on MySummit.org. Announcements of a commercial nature should be included in ads. Information on advertising options is available at MySummit.org/Ad or in the office.

Driving tip: If you rear-end a car on the freeway, your first move should be to hang up the phone.

– Tom Adams

Summit Reference Material

We need your help in keeping this material up-to-date. Please send corrections to Summit.ObsERVER@gmail.com.
Much more information and forms are available at MySummit.org. See the office with questions.

Stuff You Need to Know

- **Summit Office** - 1st floor north tower, M-F 9-5 except holidays, 954.925-3337 to deal with issues such as: parking, accounts, moving, work in your unit, bicycle room permits & fobs, freight elevator reservations and any Summit "how to" question. Fax 954.925-0123.
- **Front desks** -- Visitors, packages, and lost & found are handled by front desk security - north tower 954.925-3336 or south tower 954.925-1270.
- **In case of emergency call 911** & then building security (either front desk) or garage 954.923-6641.
- **Keys for your unit & A/C closet should be in office for emergencies.**
- **Café** (pool deck) – Open Wed-Sun.8:30-8:00 & Tue.8:30-4:00, Closed Monday. Visit or call 954.921.4737 for preorder, takeout or catering. See menu at mysummit.org/Cafe ,
- **Observer, MySummit.org & MiniObserver** -- Send info to Summit.ObsERVER@gmail.com. For commercial messages see MySummit.org/ad.pdf.
- **Police & Fire (non-emergency)** 954.967-4357
- **OpticalTel** – 855.303.4237 -- Cable TV, internet, telephone, opticaltel.com
